

Relied upon since 1969

Energy Seal

Features

- The slim design of the tail makes this seal ideal for sealing enclosure boxes, time switches, electricity meters, circuit breakers, safety switches etc.
- Easy to crimp with your existing sealing press or with the Harcor sealing press.
- The addition of the small tab at the end of the seal offers the choice of additional marking being placed on the seal. This could include ID number, logo or both.
- 20 seals per mat

Material

Talc filled polypropylene.
