

HDS0316 450g Steel Claw Hammer

The 450g Steel Claw Hammer is a professional-grade tool designed for precision and durability. Its solid 450g carbon steel head provides one-piece construction for exceptional quality. The accurately machined claw has fine gripping edges to prevent splintering, ensuring precise results. The balanced head zone is tempered for safety, and the tool features a finely polished one-piece steel shaft and head. With a comfortable and efficient heavy-duty, shock-absorbing rubber grip on the handle, this hammer is your reliable choice for professional-quality work.
